**To all parties associated with litigation involving a foreclosure action:**

It is the Court's strongest desire to continue Court business as swiftly and efficiently as possible, but some delays may be necessary due to our current health emergency. Funds on deposit will remain on deposit, unless the Parties specifically ask for a return of those funds which could result in a dismissal of their action. To avoid further delay, and possible dismissal, it is suggested the Parties keep funds on deposit.

Please appreciate that while the Court remains open, staffing may be limited in some areas. Please limit your telephone calls to our offices to monitor progress on foreclosure cases until mid-April. If further updates are necessary, we will attempt to provide them in a timely manner.

Sincerely,
